

WHEREAS, The State of South Dakota is by far a net importer of energy resources; and,

WHEREAS, The State of South Dakota possesses abundant alternative energy resources which ought to be developed; and,

WHEREAS, The national energy crisis is having a twofold impact on the South Dakota economy; first, by mandating the necessity for aggressive energy conservation efforts, and second, by causing increased energy prices which adversely affect the purchasing power of South Dakota consumers, particularly those with fixed, low or moderate incomes; and,

WHEREAS, The State of South Dakota has a moral obligation to its people to insure that all of its policies encourage conservation, and at the same time insure that the burdens of higher energy costs be fairly distributed among the consuming public; and,

WHEREAS, That obligation will be fulfilled only when the public is aware of the issues at stake and actively participates in the decision-making process;

NOW, THEREFORE, I, HARVEY WOLLMAN, Governor of the State of South Dakota, do hereby proclaim Saturday, October 28, 1978, as

# ENERGY CONSERVATION DAY

In South Dakota, and urge all citizens to inform themselves of the issues surrounding energy conservation and pricing policies in order to make informed decisions.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of South Dakota, in Pierre, the Capital City, this Twenty-Fourth Day of October, in the Year of Our Lord, Nineteen Hundred and Seventy-Eight
